

Installing CLI: LAB 1

SCREENSHOTS REQUIRED:

1. After successfully completing **step 29**, take a screenshot of your console and paste it below. You should have on screen the output of your *aws configure* command showing your access key, secret key, default region, and default output format. If any of this is incorrect, please revisit the instructions.

- ```
ec2-user@ip-10-200-0-141:~$ aws iam list-users
Unable to parse response (no element found: line 1, column 0), invalid XML received. Further retries may succeed:
